48 Shield's All
Same Day Waterbased
Urethane Paver Sealer

No More Waiting: Clean and Seal Your Pavers on the Same Day!

Sealing and protecting paver driveways and walkways doesn't have to be a long drawn out project. Shield's All Same Day Urethane Waterbased Paver Sealer is designed for application over damp surfaces, plus two coats can be applied the same day.

Developed with the modern homeowner in mind, this high-performance sealer not only safeguards your pavers but also magnifies their natural beauty.

High-Performance Waterborne Sealer:
Superior protection with the convenience of a water-based formula.

Robust Urethane Film: Crafted to withstand hot tires and vehicle traffic with ease. Stands up against common household cleaners and chemicals, ensuring longevity.

Color Enhancing: Augments the natural beauty of your pavers, giving them a richer and more vibrant appearance.

Rapid Application and Use: Apply post-pressure washing and use as soon as the substrate is dry to a damp condition.
